

BARANGAROO
STATE SIGNIFICANT SITE PROPOSAL
CONSOLIDATED CONCEPT PLAN &
ENVIRONMENTAL ASSESSMENT

VOLUME 1

OCTOBER 2007

Contents

Executive Summary	I
Introduction	III
PART A: THE RENEWAL OF BARANGAROO	1
1.0 The Existing Condition	1
1.1 Description of the Site	1
1.2 Physical Infrastructure	10
1.3 Environmental Considerations	14
1.4 Community and Social Considerations	17
1.5 Economic Considerations	20
1.6 The Metropolitan Strategy Context	22
2.0 The Urban Renewal Context	24
2.1 Background	24
2.2 Urban Renewal Lessons	24
2.3 The Opportunity for Renewal	25
3.0 A New Sustainable Precinct	27
3.1 Economic	27
3.2 Environment	28
3.3 Community	28
3.4 Project Principles	29
4.0 International Urban Design Competition	30
4.1 Stage 1	30
4.2 Stage 2	31
4.3 Jury Findings	32
5.0 Consultation	33
5.1 Informing the Plan for Urban Renewal	33
5.2 Consultation – Informing the Concept Plan	38
6.0 Environmental Assessment & Approvals Process	42
6.1 Background	42
6.2 The State Significance of Barangaroo	45
6.3 Design Excellence	48
6.4 Governance Arrangements	50

PART B: CONCEPT PLAN	53
7.0 Purpose of the Concept Plan	53
7.1 Introduction	53
7.2 Concept Approval	53
7.3 Project Team	55
8.0 Concept Strategies	56
8.1 Economic	56
8.2 Community	59
8.3 Environment	62
9.0 Urban Structure	66
10.0 Indicative Layout	70
11.0 Public Domain	72
11.1 Introduction	72
11.2 The Foreshore Promenade	76
11.3 The Parklands	78
11.4 Squares and Civic Places	92
11.5 Streets	94
11.6 Pedestrian Connections	102
11.7 External Public Domain	104
11.8 Public Domain Design Elements	106
12.0 The Mixed Use Precinct	118
12.1 Development Blocks	118
12.2 Land Use Mix and Gross Floor Area	120
13.0 Built Form	124
13.1 Principles	124
13.2 Ground Floor Activation	129
13.3 Built Form within Development Blocks	132
14.0 Infrastructure	133
14.1 Transport and Access	133
14.2 Utility Services	137
14.3 Port Operational Requirements	143
15.0 Project Implementation	146
15.1 Project Staging	146

PART C: ENVIRONMENTAL ASSESSMENT	149
16.0 Director General’s Environmental Assessment Requirements	150
17.0 Site Suitability & Implications of Proposed Land Uses	158
18.0 Social & Economic Issues	159
18.1 Economy and Employment	159
18.2 Housing Supply and Choice	159
18.3 Community Services and Facilities	159
19.0 Traffic & Transport Issues	160
19.1 Transport Issues	160
19.2 Recommendations	162
20.0 Heritage Issues	163
20.1 Heritage Items on Site	163
20.2 Items in the Vicinity	164
20.3 Statement of Significance	164
20.4 Impact Assessment	165
21.0 Design & Amenity Issues	166
21.1 Built Form	166
21.2 Solar Access and Overshadowing	166
21.3 Wind	167
21.4 Noise and Vibration	168
21.5 Internal Residential Amenities	170
21.6 Access and Mobility	171
21.7 Crime and Public Safety	171
22.0 Environmental Management	172
22.1 Contamination and Geotechnical Issues	172
22.2 Water Management and Environmental Sustainability	173
23.0 Infrastructure	175
23.1 Provision and Financing of Infrastructure	175
24.0 Statement of Commitments	176

Figures

1.1	Site location	1
1.2	The site	2
1.3	Existing site functions	3
1.4	Wharf layout	5
1.5	Adjacent precincts	6
1.6	Land ownership and existing cadastral boundaries	8
1.7	Existing zoning	9
1.8	Physical heritage	15
1.9	Shares of National Financial, Insurance and Business Services Jobs in Australian Cities (2001)	20
1.10	'City of Cities' The Metropolitan Strategy for Sydney, 2006	23
6.1	SEPP (Major Projects) 2005 State significant site amendment and Concept Plan approval process	44
6.2	Governance arrangement framework	51
9.1	Urban design structure	67
9.2	Connectivity	68
9.3	Foreshore walk	69
10.0	Indicative layout	71
11.1	The site and public domain in the city and harbour context	73
11.2	Public domain framework	74
11.3	Foreshore promenade	77
11.4	Parklands	79
11.5	Harbour context	81
11.6	Design principles – Headland Park	83
11.7	Indicative design concept – Headland Park	83
11.8	Design principles – Playfields	85
11.9	Indicative design concept – Playfields	85
11.10	City context	87
11.11	Design principles – urban waterfront	89
11.12	Indicative design concept – urban waterfront	91
11.13	Squares and civic places	93
11.14	Street hierarchy	95
11.15	Hickson Road	96
11.16	Globe Street	97
11.17	Napoleon Street	98
11.18	Munn, Agar and Margaret Street West	99
11.19	Healy and Bull Streets	100
11.20	Little Clyde Street and 'Little Streets'	101

11.21	Pedestrian connections	103
11.22	External public domain	105
11.23	Harbour edge conditions	107
11.24	Possible sea edge types	111
11.25	Water sensitive urban design	113
11.26	Active uses within public domain	115
12.1	Development blocks	119
12.2	Indicative land use distribution	122
13.1	The City's new western facade	124
13.2	Hickson Road as a boulevard	124
13.3	Buildings to define streets	124
13.4	Accessible roof valley	125
13.5	Tapering height of built form	125
13.6	Open space within blocks	126
13.7	View sharing	127
13.8	Orientation of buildings	128
13.9	Active ground floor	130
13.10	Active roof spaces	131
14.1	Potential bus routes and extensions	134
14.2	Bicycle routes	135
14.3	Water balance showing possible water savings with a range of policy and infrastructure initiatives	138
14.4	Energy balance results showing energy use changes with policy and infrastructure initiatives	140
14.5	Energy balance results showing peak demand on the grid changes with policy and infrastructure initiatives	141
14.6	Indicative passenger terminal function	145

Tables

1	Land ownership	7
2	Estimated Inter-regional 'Export Jobs' in Advanced Business Services – Australian Metropolitan Areas - 2001	21
3	Maximum permitted GFA and land use mix by development block	123
4	Director General's Environmental Assessment Requirements	150
5	Development Blocks – Maximum GFA and Building Height	178
6	Statement of Commitments	181

Appendices Volume 2

- A Heritage Impact Statement
City Plan Heritage
- B Photographs of the Surrounding Precinct
The Foreshore Authority and JBA Urban Planning Consultants Pty Ltd
- C Metropolitan Strategy Assessment
